PRESS RELEASE

March 3, 2020

Virtual Town Hall Meeting Scheduled for March 10

GLENWOOD SPRINGS, CO – On Tuesday, March 10 at 6 PM, the City of Glenwood Springs will be hosting a virtual town hall event to discuss city-wide infrastructure and 2020 projects. The town hall will take place in City Council Chambers at City Hall located at 101 W. 8th Street, but residents can also join the discussion on their phone or by streaming it online.

This interactive town hall will begin with hosts speaking about city-wide infrastructure and projects planned for the year. There will also be time for a question and answer session, answering questions from participants in person, on the phone, and online. Individuals who choose to participate on the phone will be able to "raise their hand" to ask a question by pressing *3 on their phone. Those watching the live stream on the Glenwood Springs website can enter their name and question in the fields below the streaming player.

The City of Glenwood Springs wants to hear from its residents by hosting an in-person town hall while simultaneously speaking to participants on the phone and online. There are multiple ways to get involved in this discussion:

- Join us at City Council Chambers on the first floor of City Hall (101 W. 8th Street) on Tuesday, March 10 at 6 PM
- Text Glenwood to 833-TXT-LIVE to register in advance
- Register to receive a call online at https://access.live/Glenwood
- Dial 866-416-5235 on Tuesday, March 10 at 6 PM
- Watch the livestream when the event begins at https://access.live/Glenwood

"We are excited to try new technology to increase community participation on important topics by bringing the conversation to our residents – wherever they may be," stated Mayor Jonathan Godes.

Find out more about the upcoming town hall event by visiting https://access.live/Glenwood.
